

# Partnering with the Community

*East Lake Washington District of Garden Clubs is proud to be partners with the Bellevue Botanical Garden and the King County Iris Society.*

*ELWD is also especially glad to support the Lake Washington Institute of Technology Environmental Horticulture Program.*

*To support and unify clubs of East Lake Washington District through Education, Civic Involvement, Conservation and Environmental Concerns.*

**NOW is the time to  
JOIN a Garden Club!**

- ◆ Exciting programs
- ◆ Bountiful gardening information
- ◆ Community Service
- ◆ Floral Design
- ◆ Making friends with other gardeners

# East Lake Washington District of Garden Clubs

## WHAT WE ARE ALL ABOUT

Most garden clubs meet on a monthly basis in various locations, some in private homes others in libraries or other public spaces. We meet to explore the vast array of gardening topics.

For example:

- ◆ Gardening
- ◆ Floral Design
- ◆ Landscape Design
- ◆ Conservation
- ◆ and More!

We are all about sharing the joyous camaraderie between gardeners, learning the tips and secrets of successful gardening. We sometimes commiserate on the challenges that Nature throws our way. We learn how to make lemonade out of lemons.

Often clubs have expert guest speakers visit to present an in-depth program, whether it be pruning or growing fuchsias.

**COME JOIN THE FUN!**

## CONTACT LOCAL GARDEN CLUBS

ᵰ *Hill 'N Dale* (Bellevue)

\* *Hilltoppers* (Kenmore, Bothell, Kirkland)

## MEMBERSHIP HAS ITS BENEFITS

As a member of one of our local clubs, you also receive the benefits of membership in the East Lake Washington District of Garden Clubs.

These include:

- ◆ Luncheons that provide two programs typically focusing on horticulture and design
- ◆ Garden Tours
- ◆ Opportunities to participate in schools focusing on advanced topics such as floral design, gardening studies, landscape design and environmental studies
- ◆ Flower shows
- ◆ Civic involvement/public plantings
- ◆ The Give Kids A Hand grant program that provides schools throughout the District with funds to support their gardening programs
- ◆ Additional workshops and classes

**And so much more!**
