

Asian Style Design

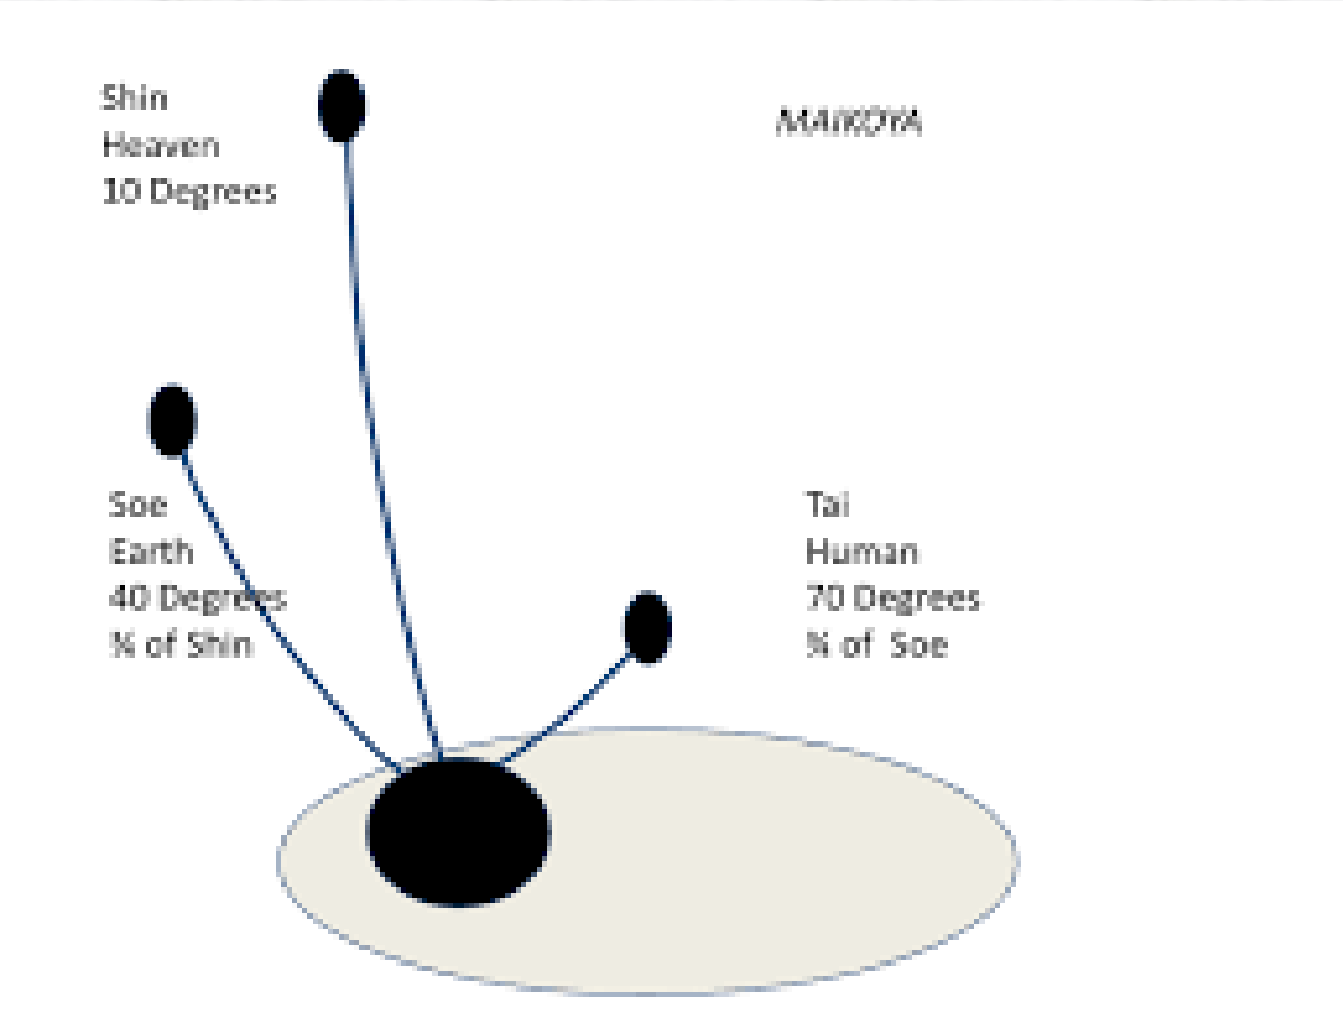

Asian Design Fundamentals

- (Called Oriental in Handbook) “Design style from the Orient in which line design is emphasized.”
- This is a style adapted from Ikebana but is definitely not Ikebana. Ikebana is very precise down to exact angles.
- Designing with an awareness of nature.
- Involves the study of plant materials and arranging them in a naturalistic way that improves upon nature

Asian Design Characteristics

- Form – Shows symbolic Heaven, Man, And Earth most easily portrayed in a triangular formation.
- Line and space are very important.
- Plant material is placed in a naturalistic way.
- Balance is usually asymmetrical.
